## Band, Bowlers Win Tournament Honors

### MCB Teams Cop Honors In District

Top honors in the Eleventh Naval District Bowling Tournament held at the MCB bowling alleys Sunday went to two teams representing the San Diego Marine Corps Base.

Topping over 2552 pins, the MCB team No. 1 squeezed out the team championship from the MCB team No. 2 which downed 2524 in the scratch bowling. The USS Bull quintet captured third place honors with a 2470 total, while the NTC Station followed with a 2100 score.

The MCB Pay Office also finished near the top of the 21-team list when they rolled a 2374 to finish sixth. Camp Matthews No. 1

(Continued on Page 4)

### Recheck Iwo Flag Raising Picture

PHOENIX, Dec. 12 (UP)—Lt. Col. Alan H. Sutter, aide to Marine Commander Alexander A. Vandegrift, was en route to Washington today with an affidavit from Ira H. Hayes, Bapchule, Ariz., Indian, which was reported to challenge the accuracy of the identification of the Marines who took part in the famed Iwo Jima flag raising.

Hayes is one of the three survivors of the group of six that planted the flag signifying victory for the Americans in a battle that entailed appalling loss of life.

Hayes was reported to have said one was his buddy who never had been credited—in fact, that there had been a mistake in identifying those in the famed picture.

**MARCHING CHAMPIONS.** The Base band gets ready to strut their musical stuff at Long Beach. They won the Grand Prize as "best band" last week in competition with 41 other marching musicians from Southern California high schools, military academies and civic and military organizations.

### Marine Base Band Takes First Place

San Diego Marine Corps Base amassed the greatest number of points and walked off with honors at the Long Beach Sixth Annual All-Western marching band review, at Long Beach last Friday.

Placing along with the Marine Base band were San Diego's Grossmont High School and Brown Military Academy, which took second and third places respectively.

The Grand Prize was won by the Marine Corps Base Band when it marched over the 3-mile course before a crowd of more than 300,000 spectators and gathered 97.3 points out of a possible 100. Grossmont High school was second with 95.2 points and received a "sweepstakes" award. For military schools, the Brown Military Academy took first place with a total of 93 points.

The whining Marine 50-piece band, their first try in competition, was under the direction of Drum Major Homer Shreve, Jr., and was the guest of the Marine Barracks, Terminal Island during its two-day stay. A large trophy was the grand prize award.

A colorful pageant, bands were drawn from Southern California high schools, junior high schools, and military schools and activities and civic organizations. When assembled and marching, the 45 entrants ushered in the Christmas Season with an impressive musical salute.

Entrants in the contest were typed by class and judged on the basis of performance within each division. Judging for the events included general appearance, cadence, marching, rhythm, expression, precision, tone, drums, uniforms and instruments.

#### COME IN

Public information each week receives copies of post and station newspapers, included in the Stateside list of publications are: The Sentry, The Globe, The Parris Island Post. They also receive several copies of the North China Marine. All hands are invited to carry away any extra copies or to sit down and look through them.

### Girl Who Smuggled Fiance Food At Cabanatuan Prison Rewarded

CHICAGO, (UP)—A girl who lurked in the vicinity of a Japanese prison camp in the Philippines to smuggle food and medicine to her fiance was rewarded this week in the division of his estate.

The girl, Betty Wright, now 23, was in Manila with her parents in 1941 when war began. Her fiance, Lt. William James Tooley, was captured and imprisoned at Camp Cabanatuan, 180 miles away.

Miss Wright became a member of the underground. With the aid of clergymen, she hired messengers who bribed Japanese guards at the prison camp. Selling her personal possessions to raise the money, she spent \$1,700 to flood \$280 for clothing, and \$125 for eyeglasses for her imprisoned sweetheart.

#### SEARCHED VILLAGE

In addition, she spent \$750 in bribes to have them delivered. She even searched Filipino villages for scraps of cloth with which to make him clothing. Meanwhile, her father had died from overwork and abuse by Japanese captors.

In 1941 Tooley was herded with other prisoners aboard a Japanese ship bound for Japan. He was killed when the ship was bombed in a tragic attack by U. S. planes.

Three months ago Miss Wright came home to Chicago. This week Tooley's estate was divided in probate court. Without dissent, Tooley's three brothers and their step-

mother agreed that his sweetheart should have the biggest share.

Judge William F. Waugh awarded her \$4,655 of the \$7,145 to be divided.

### Range Pistol Team Takes Lion's Share In San Diego Match

Marine Pistol Team from Camp Matthews, Rifle Range Detachment, copped a lions share of the top honors Dec. 1 at the San Diego Police Pistol Range, it was announced this week.

Warrant Officer Ferdinand J. Bergman shot a score of 287 in match number one, the .22 caliber National Match Course, and Major James R. Tucker followed closely to take second with 286. Master Sergeant Walter E. Fletcher walked off with third place in the same event.

**BASE REUNION.** Master Sergeant E. J. McMullen, seated, was re-united with his son, Technical Sergeant S. McMullen, after young McMullen had spent thirty-nine months in six Japanese prison camps. 'Big Mac' is with the Base Sergeant Major's office and 'Little Mac' is stationed with the Base Band.

### Father And Son Serve Together At San Diego Marine Corps Base

M/Sgt. E. J. McMullen and his son, T/Sgt. Sidney McMullen, are stationed together on the Base after seeing each other for a short period in Guam when young McMullen was en route by air to the United States after having been freed from a Japanese prison camp.

Thirty-nine months in six prison camps were rough for T/Sgt. McMullen or any of his buddies who were captured on Corregidor and suffered the long March of Death.

Young McMullen remembers much but prefers to speak of the "lighter" events such as the time the telephone switch-board operator had received the word, to be passed along, to destroy all equipment. "The operator took the word literally and immediately put an axe to the switch-board. Consequently the command was without word for two days when the Japs closed in on us," Sid said.

"Roving patrols of Japanese would stop the movement of the prisoners from time to time, stripping our men of their watches and rings. One Jap came up with a very expensive gold wrist watch in his hands, shaking it, looking it over carefully, trying to hear its jeweled movement.

"He spotted one of our men with a large 'Mickey Mouse' type watch on his wrist which he immediately wanted. Taking the

## From The Chevron~ FOUR YEARS AGO THIS WEEK

Although all men entering the Marine Corps after Dec. 15, 1942, will be drafted, they will still have to meet the present rigid requirements. After this date the draft boards will take over all inductions, and all voluntary enlistments in the Marine Corps will cease.

The gratitude of Japanese prisoners for the considerate treatment they receive from American forces was eloquently expressed in the garbled English of their "Number One Boy," who believes that "U.S.A. stands really the first class of the world."

Credit for blasting fifteen Japanese planes from the skies over Guadalcanal in the Solomon Islands combat zone has been given to three Marine Corps fliers, according to a delayed dispatch of the Associated Press. The fliers are members of a group of ten Marine Corps aces who have been accredited with knocking down 76 Jap planes since the Guadalcanal action began, earning them the sobriquet of "The Terrible Ten."

## THREE YEARS AGO THIS WEEK

The Japanese have unsuccessfully attempted two major offenses against American invasion forces on Bougainville island, Brig. Gen. Alfred Noble disclosed this week. Gen. Noble, chief of staff to Maj. Gen. Roy S. Geiger, commanding Marine units on the northern Solomon island, said the enemy had staged two separate offensives but both were hard hit before they could succeed.

Several thousand Marines from Camp Elliott fought a 1000-acre brush and grass fire which raged out of control for more than twelve hours last week-end on the Miramar ranch, then leaped across Highway 395. Several units of the Base fire department were called to the scene late in the day and stood by until the fire was brought under control.

## TWO YEARS AGO THIS WEEK

Three Japanese destroyers and four transports of an 11-ship convoy attempting to re-enforce beleaguered Nips on Leyte were sunk by Army Lightnings, Marine Corsairs and PT boats off Leyte Monday and Tuesday, Sunday, when 30 Japanese planes attacked an American convoy returning from a supply run from Ormoc. Marine fighter planes engaged the flight and downed 11 of the enemy.

U.S. troops have killed at least 277,000 Japanese at a cost of 21,000 American dead. An OWI report said that Japan has 4,000,000 men in service and could field 2,000,000 more.

With over 100 applications already in, plans for Santa's visit to the Base Theater at 1400 next Saturday to distribute gifts to children of enlisted men serving in combat zones or aboard ship have been completed, according to Capt. Buckleigh, Base recreation officer.

## ONE YEAR AGO THIS WEEK

The Commandant reported this week that the demobilization of the Marine Corps is six weeks ahead of schedule with 151,146 already discharged. The Corps was 484,631 strong on V-J day. Eventually, 376,631 will be released.

Marines fired 24 rounds of 60-mm. mortar shells into a Chinese village near Anshan after one Marine had been killed and another seriously wounded by Chinese gunmen, Maj. Gen. Keller Rockney, 3rd Amphibious Corps commander, said this week. Firing into the village was ordered, he said, after the two gunmen who shot the Marines "in cold blood" had not been surrendered to the Marines.

Marines returning from the Pacific with Jap pistols in their possession were warned this week that the weapons must be registered with the federal alcohol tax unit. Unit investigators are required by law to render inoperative any souvenir weapons with a barrel less than 18 inches long.

## Society Notes

### HOSTESS HOUSE BALL

All Base enlisted personnel except recruits are invited to attend a Christmas ball at the Hostess House on Saturday evening, Dec. 21. The Base orchestra will furnish music for dancing and entertainment. Refreshments will be served.

### RECRUIT DANCE

A dance will be held at the Hostess House on Monday evening, Dec. 23, for all recruits only. Music will be by Base Band. Refreshments will be served.

### CHILDREN'S PARTY

The time for the children's Christmas party on Dec. 23 at the Base Theater has been set for 2 p.m.

### NEW YEAR'S EVE

A New Year's Eve dance will be given at the Hostess House for Base permanent personnel. Refreshments will be served.

### RECRUITS GET SHOW

A stage show is planned for recruits at the Base Theater on New Year's Eve at around 10 p.m.

### COCKTAIL PARTY

A cocktail party will be held in the Commissioned Officers' Mess Dec. 17, 5 to 7 p.m., sponsored by officers of Recruit Depot. Among the invited guests will be Mrs. Harold S. Vesty, New Zealand hostess to the 2nd Marine Division during its 1945 stay there. The Vestys are vacationing and visiting in this country. Having recently arrived in San Diego from points on the East Coast. The party is planned for all Mess members but former officers of the 2nd Division are invited to attend and renew acquaintance with their New Zealand friends.

## Liberty Leads

### COMING EVENTS

Dec. 21—Vronsky and Jabin, Duo Pianists.  
Dec. 22—"Hallel" with Maudie Evans.  
Dec. 27-29—"Hallel and Gretel"—San Diego Light Opera Co.  
Jan. 7-8—"Life with Father."  
Jan. 10—Tito Guitan, Guitarist and Spanish Folk Singer.  
Jan.—Todd Duncan, Negro Baritone.  
Jan. 11—Los Angeles Philharmonic Orchestra and Eula Raul, Soprano.  
Jan. 12—Hallet Theatre.  
Mar. 22—Eleanor Steber, Soprano.  
Mar. 29—Audrey Ayres, Pianist.  
Jan. 24—Douglas Booth, Baritone.  
Feb.—Robert Caspary, Pianist.  
Jan. 28—Morley and Gearhart, Duo Pianists.  
Feb.—Margie Toyle, Soprano.  
Feb. 1—Jon Peters, Tenor.  
Feb. 22—"Carmen Jones"  
Feb. 6—Los Angeles Philharmonic Orchestra.  
Feb. 16—Hallet Rasse.  
Feb. 17—Erica Morini, Violinist.

(Estimated) .....	7,631+
ENLISTED	
Separations .....	1,300
Total .....	411,974
Enlistments and re-enlistments .....	470
Departed for over-seas .....	None
Present Strength .....	
(Estimated) .....	98,094+
PROGRESS	
Actual discharges .....	1,316
Actual discharges .....	460,181
Grand Total Strength .....	106,021+

\* First column represents planned and actual separations for week ending Nov. 29, second column represents planned and actual discharges totals from Aug. 17, 1945, through Nov. 29, 1946.  
† Does not include personnel on terminal leave.

**EARLY BIRD.** Master Sergeant William D. Bethia, of Recruit Depot, a veteran of many Pacific campaigns, does his Christmas shopping early with the thridding crowds at the Toyland Basement of Marston's Department Store.

## WEEKLY SCREEN GUIDE

TWO SHOWS DAILY  
1730 and 2000

**FRIDAY**—Falcon's Adventure, Tom Conway. RKO. Mystery. No dope on this one. Also showing: Bargain Counter Attack (short).

**SATURDAY**—Cross My Heart, Betty Hutton, Sonny Tufts. Para. Comedy. An improbable situation made funny and almost believable by the antics of the "Huttonator" herself. The story: Betty confesses to a murder she did not commit so her defending lawyer boyfriend can make a name for himself. The result: an hour and a half of good entertainment—especially when Hutton is on the screen.

**SUNDAY**—Fabulous Suzanne, Barbara Britton, Rudy Vallee. Rep. Comedy. A little Miss Midas invents an infallible system for beating the races (it could happen only in the movies), inherits a fortune, plays the market, increases her pile, marries a big shot and lives happily ever after. Though a good little picture, the reaction of the average Base moviegoer as he leaves the theater will be, "So what?"

**MONDAY**—Duffy's Tavern, All-star cast. Para. Musical extravaganza—something or other. Based on the famed Tavern of the air, "Where the elite meet to eat," Paramount's bouncy bountiful pet-pourri is as filling and satisfying an evening's entertainment as can be hoped for. Funniest act: Cass Daley trying oh-so-hard to get a man. Best act: Betty Hutton singing her troubles to a psychiatrist.

**TUESDAY**—So Goes My Love, Myrna Loy, Don Ameche. Univ. Drama. Story of the life and love of Hiram Percy Maxim. As an inventor Maxim was unconventional and far ahead of his time. As a lover he was equally unconventional—as he proves early in the picture by carrying off from her engagement party his neighbor's niece (charmingly played by Miss Loy), a notoriously unconventional young lady who, after shocking her community by announcing her intentions of marrying a rich husband, surprises herself by marrying the penniless Maxim.

**WEDNESDAY**—Out California Way, Monte Hale, Adrian Booth. Rep. A modern western built around the efforts of a cowboy trying to crash the movies. Also showing: Mermaid's Paradise (short). Coliga (short).

**THURSDAY**—Bells of St. Mary's, Ingrid Bergman, Bing Crosby. RKO. Drama. Released in time for Christmas, Leo McCarey's sequel to his "Going My Way" needs no help from critics or advertising to draw crowds. The children's Nativity play is perhaps the most sincere and touching sequence Hollywood has ever filmed. Certainly it is one of the movie colony's masterpieces.

## MCB and Matthews Church Services

### SUNDAY SERVICES

**PROTESTANT:**  
Base Chapel: 1015 Morning Worship, Holy Communion first Sunday in each month.  
Camp Matthews: 1030 Morning Worship, Holy Communion first Sunday in each month.

**ROMAN CATHOLIC:**  
Base Chapel: 0815 Mass.  
Camp Matthews: 0645 Mass.

**LATTER DAY SAINTS:**  
Recruit Depot: 0800 Morning Worship in Bldg. No. 123.  
Camp Matthews: 1400 Afternoon Worship.

**JEWISH:**  
Tifereth Israel Synagogue—(18th and Market Streets)—Friday evenings at Sunset.

### WEEKDAY SERVICES

**CATHOLIC:**  
Base Chapel: 0615 Confessions daily Monday through Saturday, 0830 Mass daily Monday through Saturday.  
Recruit Depot: 1700 Confessions, Saturday, Bldg. No. 123.

# Charge Japanese Philippine Atrocities

## Repair Men

**WE FIX 'EM.** That term could well be applied to the Typewriter Repair Shop as shown above with S/Sgt. B. L. Kenter, USMC, and Harvey Oxley, civilian employee, repairing two of the many thousands both have repaired in their combined thirty years of experience. The shop keeps the machines of the Base in running order.

## Repair Shop Handles Hundreds Of Machines For Base Offices

Two men, to keep the typewriters, adding machines, mimeographs and multiliths of the Base in repair, handle as many as one hundred a month to do so in the Typewriter Repair shop.

The two men, each with many years' experience, are SSgt. B. L. Kenter and civilian Harvey Oxley and they don't find their task too tedious.

"Of course," said Oxley, "This business of tearing them down and putting them back together is a rather tiresome task but it is the same as the job of a mechanic anywhere and I like the business."

### TOUGH ONES INTERESTING

Kenter said, "We get some machines that are in pretty bad shape and that helps to make the job interesting, just to see what can be done."

What could be a tedious task, the men observed, is lightened by the fact that they get some of the

"darnedest requests and explanations."

"For instance," Oxley stated, "We would like to know where the 'General Overhaul' is located on the Base. He's one of our best customers."

"The only explanation we can find for another request for typewriter repair that read 'out of time' is that the typist was out late the night before."

### SHOULD GET PATENT

Kenter added that one machine should be patented because the repair request came in saying the machine wrote in both capital and small letters at the same time.

"Then, too, the most inconceivable thing we have come across is the typewriter stand which collapsed without warning. I guess they should be equipped with bells," Oxley added.

All units are asked by the typewriter mechanics to read the repair forms carefully before mailing them out. Forms for repair may be had at the shop at Building 10.

Kenter has nine years of tearing down machines and rebuilding them to his credit and five of the years has been with the Corps. One of his shops during his tour in the Marines was located in a bomb shelter in Honolulu.

He met and married a New Zealand girl, North. They have two children: Benny, Jr., two and one-half years old, and William, 7 months. The family resides at 3396 Bayley dr., Navy Housing.

Oxley also is a married man and lives in the booming resort town of Pacific Beach. He has twenty years experience in the business and served with the Army repair shop for a number of those years at Camp Callan.

## Insignias Change

Rank titles and insignia of enlisted men underwent a drastic change on December 1, 1946, when customary staff NCO ratings were changed leaving only the Master sergeant, technical sergeant, and staff sergeant ratings.

## General Asks Powerful War Facilities

**RIVERSIDE, Cal., (UP)**—A powerful American military establishment, equipped with the most modern weapons and ready for instant action, was advocated this week by Lt. Gen. Ira C. Eaker, Deputy Commander of the Army Air Forces.

"Unless this country can provide a military establishment to implement our foreign policy, intended to keep the world peace and maintain our own security, then all is lost," Gen. Eaker told the Institute of World Affairs.

### MOBILIZE UNDER BOMBS

Gen. Eaker called for a long-range striking force to destroy an enemy's war-making capacity at a moment's notice. Otherwise, he said, America's industrial cities would have to absorb the enemy's weapons and the U. S. would have to mobilize "under a rain of enemy bombs and missiles."

He advocated a central intelligence agency "in order to know what goes on in every action of the earth."

### ARTIC FRONTIER

Gen. Eaker called for developing defensive measures on the Arctic frontier to prepare for any future war originating in Asia.

Adm. William H. Standley, former U. S. ambassador to Russia, warned the institute that "another national disaster will be inevitable" unless diplomatic commitments are coordinated with disarmament programs.

## Ginger Rogers Glamour Queen In Hollywood

**HOLLYWOOD (UP)**—Sculptor Yveca Salamunich decided that Ginger Rogers was Hollywood's glamour queen of 1946, but said Hollywood glamour wasn't what it used to be.

Runners-up, he said, were Lann Horne, Lana Turner, Betty Hutton and Linda Darnell. He prepared to create busts of them all.

"Glamour is dying out in Hollywood," said Salamunich, who made a bust of the late President Roosevelt and is the first artist to do a President's bust in the White House.

"It is an effort for movie stars to look and act glamorous now. The stars are becoming fond of having children and sitting by the fire in the evening."

## Transport Crashes Killing All But One Survivor

**TOKYO, (UP)**—A C-46 transport plane crashed shortly after taking off from Itami air base near Osaka Tuesday and all but one of the persons aboard were killed.

Earlier and unofficial reports placed the number of dead at 28. The plane was enroute from Tokyo to Fukuoka on northwest Kyushu Island. It took off from Itami at 1 p. m. and crashed two minutes later.

A terse announcement here said that there was only "one survivor" of the persons aboard and that the names of the victims were being withheld pending notification of next of kin.

The plane belonged to the 317th Troop Carrier Group. A board of investigation was immediately appointed to find cause for the crash.

## Jap War Crimes Trial Prosecution Describes Brutality During War

BY ARNOLD BRACKMAN  
United Press Staff Correspondent

**TOKYO, (UP)**—The war crimes trial turned this week to hear the prosecution describe the brutal conquest of the Philippines Islands by the Japanese.

Pedro Lopez, associate prosecutor for the Philippines Republic, opened this phase of the trial by reciting a list of charges which he said would pierce the hypocritical claim of the Japanese that its conquered areas received "humanitarian treatment."

Lopez charged that more than 131,028 Filipinos and Americans met death at Japanese hands by torture, assaults and sadistic treatment. He said that figure did not include war casualties. Destruction of public and private property was estimated at \$1,370, 253,324.

### ATE DOGS AND CATS

The first witness called to the stand was Miss Wanda O. Werst. The attractive witness said that Allied internees at the infamous Los Baños prison camp ate dogs, cats, cockroaches, rats and weeds in order to stay alive.

Former Premier Hideki Tojo and his 29 co-defendants watched with interest as the witness recounted the atrocities committed by their countrymen.

### ABUNDANCE OF FOOD

She said that while the Japanese fed the Los Baños internees corn and rice water in the form of one meal daily, the surrounding country-side was a lush,

fertile region with an abundance of food.

Although 400 children inside the camp were without milk, they could see on the other side of the barbed wire fence 30 coconut trees all of which had coconuts laden with highly nutritive milk. Banana trees visible from the camp were so heavily laden with fruit that farmers cropped them with sticks.

### AFFIDAVITS PRESENTED

In affidavits presented by the Philippines prosecution section, Japanese Marines shot and bayoneted more than 200 persons near the Philippine General Hospital on Feb. 9, 1945. After a drinking orgy, the Japanese then defiled the bodies, the evidence showed.

Japanese raped a number of women on the grounds of the German Club. Sexual mutilations and atrocities were performed on both men and women alike, the prosecution claimed.

**SEA SCHOOL GRADUATION.** After five weeks training these men are ready to be sent throughout the world to our Navy's fighting ships. Platoon 40, shown above, returns to Base tomorrow after completing one week of gunnery practice aboard the AA Cruiser Oakland. Corp. N. J. Neundorff, with the white belt, is the drill instructor in charge of the platoon. (Photo by Grant, PX Photo Shop)

## Admiral Halsey Relieved Of Active Duty With Navy At Own Request

**WASHINGTON (UP)**—Fleet Adm. William F. Halsey, Jr. —The daring "Bull" of World War II—was relieved of active participation in the Navy for the first time in 46 years. The Navy announced that the bluff wartime commander of the Third Pacific Fleet "had received orders to proceed home."

"He is relieved of active participation in the Navy," the announcement said, "but he is not retiring inasmuch as Fleet Admirals may not be placed in retirement status."

### HALSEY ASKS ORDERS

It was reported that the 64-year-old Halsey, now recuperating in a New York hospital from an operation, had himself requested the order.

The announcement, ending the career of one of America's most colorful Naval heroes, came on the eve of the fifth anniversary of the Japanese attack on Pearl Harbor—an attack Halsey helped to avenge with his rampaging Third Fleet.

### BATTERS JAP NAVY

The fleet battered the once-proud Japanese Navy from the Solomon

Islands all the way to its own home waters. Halsey's drive was ended only by the capitulation of the Japanese on V-J Day.

Since V-J Day, Halsey has been on special assignment in the office of Secretary of Navy James Forrestal. It was in this post that he answered critics of the Navy's Mediterranean cruise with: "It's nobody's business where the Navy goes. We go where we damned please."

Halsey was named Fleet Admiral last year and, as such, is listed among the top "elder statesmen" of the Navy.

Hand grenades, if held properly, will not go off in the so-called five seconds, even when the pin is pulled.

## Actress' Husband Claims Latest One-Two Victory

**HOLLYWOOD (UP)**—Actress Lynn Bari's husband, who thought he heard a raspberry as his pretty wife passed a "dead end" kid's night club table, claimed victory in the movie colony's latest one-punch battle.

Movie Producer Michael (Sid) Luft, 31, slapped the face of Bobby Jordan, 28, one of the original Dead End Kids of stage and screen before restaurant employees pulled them apart.

Then, said Luft, Jordan apologized.

Jordan said he was slapped, but he didn't apologize.

### DENIES APOLOGY

"The only apology made was made by Miss Bari to me," he said. "But my wife was really the one to whom an apology was due. Miss Bari said some very nasty things to her."

The melee started Wednesday night in plushy Ciro's nightclub on the Sunset strip. Luft, former test pilot and Canadian Air Force flyer, said he and Miss Bari were passing Jordan's table when a big resounding raspberry drowned out Desi Arnaz' rumba rhythms.

Jordan protested he was innocently blowing through the end of his necktie.

COACH IN ACTION. R. E. "Bull" Trometter (No. 18), former coach now playing guard on the MCB basketball team, gets the tip in a tense moment of the MCB-St. Augustine game played in the Base gym Tuesday afternoon. The Marine team, showing a fast-breaking offense and a solid defense, easily won the game, 57-32.

## The Scuttle Bucket

By RALPH TURPINEN  
Chevron Staff Sports Writer

Basketball season is here! Most college teams have one or two games under their belt now and are ready to start, what should prove to be, a rip-roaring cage season. Gone are many of last year's stars including the two high-scoring giants, Kurland and Mikan, but back are the veteran performers along with a new crop of high school stars, some to make a name for them.

selves on the collegiate hardwoods. Potential strength of this year's teams is typified by the University of Minnesota. Last year Jim McIntyre, 6 foot 8 1/2 inch center for the Gophers, held a regular starting berth on the squad. This year the young star is on the third squad fighting for a position. Incidents such as this can be found throughout the nation. Teams all over will be powerful this year; it should be an interesting season.

The appointment of Lt. Col. George Newton as new coach of the Base basketball team has met with the favor of Marine cage fans. The popular Provost Marshall took over the reins as cage mentor last week when former coach, "Bull" Trometter donned a uniform and began taking an active part in the game. In his first game as head coach, Newton brought home a 72-37 victory over the Naval Station five in a league game. Tuesday afternoon the Newton-coached team ran over St. Augustine, 57-32, in a practice game at the gym. He's got a good start; he's hoping he keeps it up.

Notre Dame really earned its title as No. 1 team of the Nation. When final figures were released by the National Collegiate Athletic bureau, the "Fighting Irish" not only had the top offense of the year but also the strongest defense. This was the first time a team had ever accomplished this feat. The greater part of their offensive record was made on the ground establishing Notre Dame as the best rushing team of the year. No doubt the Irish deserve

their top rating after finishing such a season. Too bad they couldn't get together with the Army in a post-season clash.

The Marine Corps Base seems to be doing right well for itself in athletic competition lately. Not too long ago, the Marine swimming team topped first place in the 11th Naval District Swimming Meet. Last Friday, the MCB band was named "Best Band" in the sixth annual All-Western review. The Base basketball team is tied for top honors in the All-Star league in 11th Naval District play. Now last Sunday two Marine bowling teams finished one-two in the Eleventh Naval District Bowling Tournament to run away with top honors. What else is there to win?

## Crawford Shoots High Score On Qualification Day

Private Charles H. Crawford, Silsbee, Texas, of Platoon 218, shot high score of 320 in the Qualification Day firing at the Rifle Range Dec. 5.

Crawford was followed closely by Private Jack E. Hansen, of Platoon 217, who shot a neat 318; and Private Orlando Tejerino, of Platoon 216, was third with a score of 317.

Platoon percentages for the day are as follows:

Platoon No. 216..... 90.4  
Platoon No. 217..... 88.8  
Platoon No. 218..... 94.5  
The total percentage for the week firing was 87.9.

# THE CHEVRON Sports

## MC Base Quintet Takes Undisputed Lead In District All-Star League

### Marine Keglers Cop Top Place In District Play

(Continued from page 1)

took the eleventh place slot with a 2189 mark. MCB Sea School topped thirteenth with a 2154 score, and Camp Matthews No. 2 finished seventeenth with a 1987 total.

Samuel C. Cone managed the winning five composed of Conn. H. Gayer, S. A. Jacobs, C. O. Kettrell, and R. Gregg.

Following are the team scores:

MCB Team No. 1	2552
MCB Team No. 2	2524
USS Bull	2470
NTS Station Team	2400
Naval Station Diesel	2381
MCB Pay Office	2374
Naval Air Station No. 1	2356
Naval Air Station No. 2	2328
El Toro	2275
Naval Hospital	2241
Rifle Range No. 1	2189
MCB Sea School	2154
NTC Camp Farragut	2161
Naval Amphibious Base	2136
Hq. Det. Ft. Rosierans	2111
NTC Cooks and Bakers	2091
Rifle Range No. 2	1987
Miramar No. 2	1982
NTC Main Dispensary	1968
Miramar No. 1	1946
NTC Bake Shop	1910

Blasting out a 64-27 victory over Corona Naval Hospital Wednesday night at the Sexton gym, the MCB basketball team took undisputed possession of first place in the All-Star league in 11th Naval District play.

The victory paved the way for tonight's contest with the Naval Air five which has a 2-3 record in league standings.

A win tonight would insure the Leathernecks with at least a tie for first place. Next Wednesday night they play Miramar in their final game of the first half.

Faced by Wayland Ashcraft and Dick Novak, the Marine five took things in their own hands right

points respectively, J. Taylor, White, and R. Taylor each scored five for the losers while Papadakis stood out defensively.

Following is the box score:

Half-time score: Marines 30, Corona 15. Final score: Marines 64, Corona 27.

Boxscore:

Marines (22)	fg	ft	pt	tp
Novak, D.	5	1	0	11
McWilliams, T.	3	0	1	6
Turtunen, J.	3	0	0	4
Baker, F.	3	0	3	4
Koch, J.	0	0	1	0
Ashcraft, E.	5	0	2	10
Macklin, C.	3	1	0	7
Olman, C.	0	0	0	0
Liter, G.	3	2	2	8
Noel, S.	1	0	1	2
Evan, G.	0	0	0	0
Wade, G.	3	0	0	6
Trometter, G.	2	0	3	4
<b>Corona (27)</b>	<b>30</b>	<b>1</b>	<b>13</b>	<b>64</b>
Papadakis, J.	5	0	3	4
Squires, J.	0	0	0	0
Casper, J.	0	0	1	0
Taylor, J., I.	2	1	2	5
Maki, J.	0	1	2	2
Taylor, R., C.	0	3	1	6
Cook, E.	0	0	0	0
Mundy, C.	1	0	0	2
White, S.	0	2	1	3
Barnes, F.	1	1	1	3

<b>Total</b>	<b>9</b>	<b>3</b>	<b>14</b>	<b>27</b>

from the start and raced to a 30-15 lead at half-time. Coach Lt. Col. George Newton substituted freely when the score began to mount.

### BUILD UP SCORE

The starting five again went to work in the second half to build up the score. Again Newton sent in his reserves early, but they also continued the powerful offensive.

Scoring was even for the Newtonmen with Novak and Ashcraft taking top honors with 11 and 10

## Intramural Basketball Goes Into Second Half This Week

Favorites in the Base Intramural Basketball League came through in their first games of the second half this week when Sea School, Base Troops, and Recruit Depot turned in easy, high-scoring victories at the Base Gym.

First-half champs, Sea School opened their new schedule with a 46-31 triumph over the Dental Department on Thursday, December 5, at the Base Gym.

Faced by the accurate shooting of McWilliams, the SS quint jumped to a 20-11 lead at the half-way mark. The Dental five then opened up a surprising rally in the second half to come within a basket of Sea School, but their push faded out and Sea School steadied down to win.

McWilliams scored 16 and Noel 12 to lead the first-half champs while reliable Tommie Schlappohl put in 15 to spark Dental Department.

Base Troops scored heavily in the first half and then roared to a 58-28 triumph over Rifle Range in the second game of the evening's doubleheader.

With the scoring spreaded evenly throughout the team, the Troopers peppered the basket to streak to a 36-16 half-time edge. Play slowed down in the second half, but Base Troops continued to keep on scoring while holding the Matthews-men's offense down.

Ashcraft hit for 21 points to top the evening's scoring while Turtunen scored 18 and Lucia 10. Rule and Galloway led Camp Matthews with eight markers apiece.

Powered by their stellar performers, Dick Novak and Dub Baker, Recruit Depot showed offensive basketball at its best when they ran over R&R, 70-25, in the Base Gym Tuesday night.

Scoring heavily from the start, the RD squad jumped to a 33-9 advantage at the half. They showed

no let-up in the second half as they more than doubled their score.

Novak tallied 28 and Baker 25 to cop top honors for the evening while Sanford chalked up 10 for R&R.

TTU gave Fire Department, a newcomer to the league, a bad start in league play as they edged out a 45-34 victory in the Base Gym Tuesday night.

The game was a tip-and-tuck battle throughout until Ed Wade, star performer on the Troop Training team, got hot near the end and pulled the game out of the fire.

From the start to midway in the second half, the two teams traded basket for basket with TTU holding a slight 17-16 edge at half-time. With but five minutes of play remaining, Wade began to hit to put the game on ice.

Wade and Walters scored 14 each for TTU, while Falcione and Aekley led Fire Department with 13 and 11 respectively.

Following are the Base League standings up to and including games played on Tuesday, December 10:

	W	L	Pct.
Sea School	1	0	1.000
Base Troops	1	0	1.000
Recruit Depot	1	0	1.000
TTU	1	0	1.000
Dental Dept.	0	1	.000
Rifle Range	0	1	.000
R&R	0	1	.000
Fire Dept.	0	1	.000

## Local 'Sport' Tire-d Of His Game

SAN DIEGO (UP)—Motorists "a breathed easier as a jail door closed on Sam Bonafide, 31, who admitted puncturing more than 200 tires on parked automobiles because he held a grudge against all San Diegans.

Bonafide was sentenced to 180 days in the County Jail after telling police he punctured the tires because he was dissatisfied with wages he received here. Police had sought him since last summer.

Battling Badger Richard W. Noel, a go-getting guard, has proven himself a smooth player on both offense and defense in early season play for the San Diego Marine Corps Base basketball team. (Photo by PFC. J. Whittington.)

Sky-hooks are a tool in the trade of blacksmithing; a long stick with a hook on its upper end to fish horseshoes from the rafters overhead.

# Giants Take East National League Title

**NEWLY APPOINTED.** Head Coach Lt. Col. George Newton gives his startling five last minute instructions before the MCB-St. Augustine basketball game played in the Base Gym Tuesday afternoon. Left to right they are Dick Novak, Ralph Turtinen, Lt. Col. Newton, Wayland Ashcraft, George Lucia, and "Bull" Trometter. (Photo by PFC. John Richards.)

## Jersey City Giants Down Akron To Win American League Title

JERSEY CITY, N. J. (UP)—The Jersey City Giants held the American Football League championship after a 14-18 victory over the Akron Bears in which the margin of difference was a fumbled pass from center, Owen Goodnight, Bears' back, became the "goat" of the game just after nearly becoming its hero. In the first quarter he pitched a 39-yard forward to Al Berthold to give Akron a 6-0 lead, but on the attempted conversion he dropped the pass from center and the all-important point was lost.

Akron, Western Division camp, dominated the play, but was its own worst enemy—giving the ball away four times on fumbles and three times on pass interceptions. Jersey City went ahead in the second period on a 15-yard aerial from Jerry Niles to Dave Wiley and Alex Schibanioff's conversion. In the fourth they countered again on George Cherverko's 50-yard gallop with an intercepted pass, Schibanioff's second kick sealing Akron's fate.

The Bears scored their second touchdown on a 69-yard march with Herman Duhe diving over from the three.

## Varipapa Champ In World Bowl Tournament

CHICAGO (UP)—Andy Varipapa, 52, Hempstead, N. Y., was National Bowling champion after winning narrow victory over Alfie Brandt, Lockport, N. Y., in the final round of the Sixth Annual World Bowling Match Tournament.

Varipapa, who participated in the championship tourney three times previously, finished with a record of 40 games won and 24 lost, 13,866 total pins, and a Petersen point rating of 314.16.

Brandt, who took three of four games from Varipapa in an earlier round, finished second with 38 games won and 26 lost, a pin total of 13,454, and a Petersen rating of 308.04.

Brandt, a 125-pound mite, won the first two games of the final match 236 to 221 and 234 to 159, but Varipapa came back strong to take the third game 205 to 202 and then scored a smashing victory over his opponent, 269 to 163.

The championship carries a prize of \$2,000. The second place winner won \$1,000.

## Player Most Clubs Want Not For Sale

LOS ANGELES (UP)—Major league club owners and managers left the annual winter league meetings with several deals hanging fire, but the player that most of the 15 other teams would like to get isn't for sale or trade.

He is young Clint Hartung of the New York Giants and owner Horace Stoneham made it clear that he could not be had for love or money. Hartung is supposed to become a second Babe Ruth and Stoneham turned deaf ears on all offers he received for the youth.

**TO GET DISCHARGE**

Scheduled to receive his Army Air Forces discharge within a few days, Hartung represents one of the greatest investments the Giants ever have made in a ball game—and they paid \$175,000 for catcher Walker Cooper. To get Hartung they practically had to buy the Minneapolis Millers of the American Association.

Reports on Hartung border on the phenomenal. He may turn out to be another reigning glory, but the predictions of wise baseball men who have seen him play do not indicate such a possibility.

Manager Eddie Dyer of the world champion St. Louis Cardinals termed the youngster's pitching and hitting "unbelievable" and Tom Sheehan, who now is with the Giants but who had Hartung at Minneapolis, called him "potentially the greatest player in baseball."

## National Baseball Congress Names Top Player

LOS ANGELES, Dec. 3—(UP)—The National Baseball Congress today named Grady Hatton, Cincinnati Reds' rookie infielder, as the most successful player up from All-American sandlot teams.

President Ray Dumont said Hatton, who performed for the Waco, Tex., Dons and the Greentons, N. C., Flyers up to 1945, had breached the gap from sandlotter to major league star in one season.

Don Johnson, Portland, Ore., and Jess Bramlett, Waco, were named as outstanding on America's sandlots during the past season and rated as best prospects for organized ball.

The title for No. 1 manager on the sandlots was shared by John Tucker, St. Joseph, Mich., and Bill Riden, Carmichael, Cal., who piloted the two top ranking clubs in the 1946 Congress ratings.

Delegates to the Congress' annual meeting began qualifying an estimated 10,000 clubs throughout the United States for the coming season.

## He's Doin' OK!

GLENDALE, CAL. (UP)—Drinking evidence in a courtroom doesn't pay—especially for a person already serving a sentence for drunkenness, Painter Jay Gossett reflected.

Gossett was originally sentenced to five days and ordered to paint Judge Charles R. Dyer's courtroom. While painting, he found some whisky impounded as evidence in a beer parlor robbery and promptly drank it.

He was given 15 additional days for the second drunk count.

Since 1775, United States Marines have made more than 200 landings on foreign shores.

## New York Giants Win Eastern National Football League

Eastern Division title of the National Football League with a 31 to 0 victory over Washington that was a marvel of teamwork, put their hopes for victory in next Sunday's playoff with the Chicago Bears in the hands of one man.

The one man is Dr. Francis Sweeney, entrusted with the job of repairing Bill Paschal, the Giants' ace runner, who suffered a jaw injury and a shoulder bruise in the

third quarter of Saturday's romp. Dr. Sweeney said he believed the jaw was broken, but that possibly it could be wired together to enable Paschal to play against George Hales' Bears.

## Jacobs Improves

NEW YORK (UP)—Promoter Mike Jacobs, fighting for his life against a cerebral hemorrhage complicated by heart disturbances, was resting comfortably and appeared to be improved, but Dr. Vincent Nardello said Jacobs still is critically ill.

Jacobs, 66, collapsed a week ago Tuesday.

## Trautman Takes Over As Czar In Minors

LOS ANGELES (UP)—Backed by 13 years of front office experience in the minors and a year in the majors, George McNeal Trautman viewed his new job as Czar of minor baseball leagues as a "great opportunity and terrific challenge" to help the game.

"When you think in terms of the number of citizens influenced by baseball, you get some idea of that challenge," Trautman said. He will relinquish a \$35,000 yearly job as executive vice president of the Detroit Tigers for a five-year contract at \$35,000 annually as President of the National Association of Professional Baseball Leagues.

Next January or February, Trautman will take over the duties of 72-year-old W. G. Brannham, Durham, N. C., attorney, who, because of ill health, is retiring as president to become the association's consultant at \$10,000 yearly.

## Long Beach Shoots Honors Won By Range Marines

Out of a possible 900, Master Sergeant Walter E. Fletcher, Rifle Range Detachment, Marine Corps Base, shot 846 to top honors in the aggregate of matches at the Long Beach Police Pistol and Revolver club, held at Long Beach, Dec. 2.

Warrant Officer Ferdinand J. Bergman placed third in the shoot with a score of 829.

Fletcher shot second in the National .22 caliber course, placed third in the .38 caliber course and rounded out the day by firing 280 out of 300 in the .45 caliber National Match Course.

## BEARS IN GOOD SHAPE

Chicago showed that it is in fine shape for the championship game by trouncing Detroit, 45 to 24, and in other games Saturday the Los Angeles Rams clinched second place in the western half with a 38 to 17 conquest of Green Bay, and the Philadelphia Eagles won second place in the East by dropping Boston, 40 to 14.

The Giants never gave Washington a chance. The New York line functioned perfectly, outcharging the Redskins from the start, and the sterling forward play gave Frank Bilek opportunity to put on a great passing show. He picked his receivers unerringly, set up the first touchdown by passing to within two feet of the goal, and then passed for two more touchdowns.

## Successful 'Jet' Planes Approved For Carriers

(SEA) — Shipboard fighter planes are now on a par in performance with the newest land-based fighters, the Navy proved to itself in recent successful flight tests of new jet-propelled planes.

Two new jet-propelled fighters in the "well over 500 miles-per-hour" class were built for carrier as well as land operations. They take off from a carrier with the aid of a catapult and from a landing field with normal jet power.

## EXCEED PRESENT SPEED

The new planes, the XFJ-1, built by North American Aviation, Inc., and the XF6U-1, built by Chance Vought Division, United Aircraft Corporation, were developed by the Navy, to exceed the speed and match the combat range of fighters presently with the Fleet.

The new planes join the FD-1 Phantom to form the Navy's current trio of all-jet fighters. The FR-1 is a combination jet and conventional engine fighter and the XF4M-1 is a jet-and-propeller combination patrol plane.

## SUCCESSOR TO CORSAIR

Launched as a prospective successor to Chance Vought's Corsair, the XF6U-1 is constructed of a new type of material called "metallite." Developed especially for the Navy, the new material is a sandwich combination of high strength aluminum alloy around a core of balsa wood.

**JETTERBUG.** The North American Company has just completed the second all-jet fighter, the XFJ-1, for the Navy. The planes will be used in tests aboard carriers and are especially built for sea operation.

**PADRE.** Commander W. A. Mahler, Base Chaplain, assumed present duties here in March. Prior to being assigned shore duty, Chaplain Mahler was ship's chaplain aboard the battle cruiser USS Guam where he served for eighteen months. This is his second tour of duty at the Marine Base, having served here in 1942.

## Rangers Give Up Search For Body Of Colorado River Adventurer

**LAS VEGAS, Nev. (UP)**—The swirling whirlpools of the Colorado River swallowed the secret of a man who tried to shoot its rapids on a rubber life raft.

Rangers gave up the search for the mystery man after combing more than 100 miles of the river gorges and the desolate reaches on their banks.

They theorized the adventurer, identified as Charles Roemer, a Hungarian engineer, may have wished to lose himself in the desolate desert expanses of the Hualapai Indian reservation or the Shivwits

plateau, or may have attempted the trip in a gamble with suicide.

### POST LOOKOUT

Rangers of the Boulder Dam area posted a lookout for fragments of the raft or Roemer's body.

Refusing to give his name, the man came to Marble Canon Lodge in Arizona by bus Oct. 18 with his deflated raft wrapped in a blanket. He had no provisions and no safety equipment, and Rangers said he would not have been able to steer to shore if he had wanted to.

## Five Men Campus Leaders Tell Gals Of 'Standards'

**SEATTLE, Wash. (UP)**—Five men campus leaders told big-eyed freshmen women at the University of Washington that drinking and smoking are not good "standards" but a good night kiss is "harmless."

John Webber, homecoming chairman, was quick to add that he was opposed to "indiscriminate necking."

The advice against smoking came from the student body proxy, Gummie Johnson, who drove his point home with an argument designed to protect the male of the species.

"Tobacco smoke isn't conducive to a smooth situation," he said. "A cigarette is a mighty good defensive weapon for a girl whose escort is in an amorous mood."

## Ex-Bronco Buster Plans Wheelbarrow World Trip

**LOS ANGELES (UP)**—Larry Hightower, 46, ex-bronco buster of Seattle, Wash., said he plans to push a wheelbarrow around the world.

Hightower arrived here from Seattle, where he started July 4 on the stunt. He expects it will take him about 12 years to complete a circuit of the globe, including a hitch by ship from San Francisco to Honolulu and Singapore, with six hours a day of wheeling around the deck.

His wheelbarrow has a special ball-bearing wheel, a headlight, mileage indicator and medicine kit. There also are two tail lights, one on the wheelbarrow and one on Hightower.

## Nice Try, George!

**DENVER (UP)**—The coin telephone at the Denver USO club was back in service, and George was back in his master's pocket.

George, the pet mouse of Pvt. Richard Becker, leaped into the coin return slot on the phone while Becker was making a call. The mouse got stuck in the nickel compartment and the phone went dead.

A telephone company repairman had to tear the phone apart to extricate George.

## Scots' Historic Drum Returned From Japs

**TOKYO (UP)**—The historic kettledrum which beat martial music for the Second Battalion of the Royal Scots Regiment until it was stolen from Hong Kong in 1942 during Japanese occupation was returned to British authorities.

The drum was found in a Japanese war museum in Yasakuni Shrine in Tokyo.

## Canadian Warships Stop Here On Way To Christmas Leaves

Canada's first aircraft carrier, HMCS Warrior, and two other warships on their way to Esquimault, B. C., tied up at Broadway pier in San Diego this week on a goodwill tour.

Along with Canada's first capital ship were the light cruiser Uganda and the destroyer Crescent. The former has seen action in both the Atlantic and Pacific waters.

Captain Frank L. Houghton, C. B. E., R. C. N., of Ottawa, skipper of the carrier and commander of the force, said the destroyer, cruiser and carrier had been training in the Pacific for the winter where the weather was better.

"This is our first carrier, so we need a lot of training," he explained. "The Atlantic is too foggy this time of the year, so we took a cruise through the tropics and had excellent flying weather almost every day."

### MANNED BY CANADIANS

The carrier, Warrior, is manned by Canadians, except for a few senior flying officers who were "borrowed" from the Royal Navy

because of the lack of experience of the Canadian fliers.

From here the ships sailed to Esquimault where the crew will be given Christmas leave.

It was the first visit to San Diego for most of the 2000 officers and men, but not for the skipper. He has visited here three times and "found it most pleasant."

Captain Houghton has served 34 years in the Canadian Navy and was in command of the 7,000 ton auxiliary cruiser Prince Robert which operated with the U. S. Navy in the Aleutians.

### PAY CHANGE TO U. S.

Paymasters aboard the visiting vessels had plenty of American money to exchange for the Canadian coin of members of the crews who wanted to come ashore, but some of the businessmen were all fouled up regarding the rates of exchange none-the-less.

It seems while all the American coins were being exchanged some of the Canadians did not want to get their money changed. They took their money ashore and tried to buy at the stores. The merchants were perplexed as to what the rate of exchange was at this time. The Associated Press, at New York, said Canadian money was being exchanged at the rates of 95.61 cents on the dollar there.

### TWO HERE BEFORE

While this is the first trip for the Warrior, the Uganda and the Crescent have called here earlier this year. The former made a trip in February and the Crescent docked about a month ago on its way to meet the other two ships coming from the Atlantic.

The first ship which left was the destroyer Uganda and the other two left Thursday.

**TOPS.** Senior Drill Instructor TSgt. Jack Bolt, Platoon 221, is rated as one of the outstanding in RD as he takes his unit through the eight-week instruction. Here he instructs in the classroom after winning Monday's infantry drill competition held weekly on the parade ground.

## Technical Sergeant Bolt Leads Platoon In Competitive Drill

Fifty per-cent increase in the training schedule at Recruit Depot, so "there is more time to cover all phases of the training and a chance to know the men better," is what is hoped for by Drill Instructor TSgt. Jack A. Bolt, whose platoon 221 won the competitive drill last Monday.

Bolt's platoon won the competitive drill for recruit platoons coming through the Base.

which are in their third week of training.

"We are having a fine tour of duty," Bolt said, "But in this type of instruction, we hope for an increased schedule which will give us a chance to teach the men under us."

"In the short eight weeks we have had the platoons, there is no chance for us to know the men and learn their abilities. What we see may not be at all what the man is capable of doing."

"If the schedule is lengthened, we would be able to give a more concentrated course of instruction and at the same time see in what way a man is more proficient."

Every man who comes through Recruit Depot at the Marine

Corps Base looks forward to the three weeks at the Rifle Range, which is given after four weeks training, Bolt stated.

"And when I take this platoon to the Range, we are coming back with an average of better than ninety-six percent to break the average. It can be done with a lot of hard work."

Bolt is assisted by SSgt. H. S. Mitchell and Sgt. W. D. Doty, who also enjoy their work and are anxious to turn out a winning platoon.

When the "D. I." lit the smoking lamp and walked away several men of the platoon were heard in conversation.

Private S. G. Lasarsky, of Okla-

## Navy To Revamp Command System

(SEA)—When the old year is rung out and the new in on 1 Jan., 1947, a reorganized system of high command will be inaugurated among naval forces.

Task fleets will be organized to accomplish operational and training assignments under the fleet commanders; inclusion of flexible task organizations in each fleet command will permit rapid regrouping of forces in a fast moving situation. It is expected that the task fleets will conduct training exercises twice each year, the first scheduled for next February and March.

### UNDER ADMIRAL TOWERS

All forces in the Pacific area will be under the command of CincPac Admiral John H. Towers, USN, while all forces in the Atlantic will be under the command of CincLant Admiral Marc A. Mitscher, USN. Under CincPac's command will be Naval Forces Western Pacific, Naval Forces Japan, Pacific Reserve Fleet and First Task Fleet.

homa, said, "Is this legal? . . . But, he sure knows his job."

And, Private J. F. Redona, of California, said, "Sir, I think he can count the best cadence yet and you can understand every command."

Bolt, who originally hails from Boise, Idaho, is living in the Naval Housing Unit with his wife, Julia, and two children, Don and Jacqueline.

# Car Prices Still Skyrocketing Uncontrolled

Editor's note: Two weeks ago a gangling bag of skin and bones (but no hair) by the name of Ex-SARJUNT HEINEMANN took the privilege of assigning himself as special correspondent for the Chevron at the Army-Navy landing operations at Camp Pendleton. The clouds of mock-battle have long disappeared, and so apparently has Heinemann. Somewhere in the infinite vastness of Pendleton the aging ex-Marine is believed wandering, looking for the sign of a fellow human being. Our only contact with our correspondent have been his brief pencilled notes (14 in the past two weeks) requesting that St. Bernards carrying 25 gallon kegs of beer be sent to look for him. The dogs all returned empty-handed and empty-kegged.

The following brief dispatch was brought to Sandy Ago—we mean San Diego—by an Oceanside woman (quite attractive)—who said that one night last week she was walking by herself in the moonlight along the highway beside Camp Pendleton when a frightening incident took place. Without warning, she said, an unkempt figure in camouflaged dungarees arose from a fox-hole (with interspring mattress) and began chasing her. Fearing for her honor, among other things, she fled screaming into the darkness, closely followed by this fearsome uniformed figure. So close was the race, the lady related, that she could feel the man's hot breath on her shoulder, proving, for one thing, that her pursuer did not use Colgate's Toothpaste.

The uneven race went on for several miles over the hill and dale of Pendleton's torturous terrain. Finally when she could run no farther the woman stopped, turned to face her pursuer and cried (as if she didn't know): "What do you want of me?"

To make a long story short, the young lady says that the man made no attempt to harm her but merely handed her a piece of paper on which the following dispatch was written: (Knowing Heinemann, the reason that he did nothing but hand the woman the paper was due to the fact that he is getting so old and was so out of wind that he COULDN'T have done anything more.)

CAMP PENNELTUN, OSIHUNSIDE (Delayed by Smog) —This is your Chevron correspondent bringing you a bottle by bottle account of this great Armee-Navee amphibious operation against Penneltun.

So far it has bin nip and tuck, with me taking most of the nips (thanx for the Saint Bernards) and a occasional tuck in my belt on account of nothing but C rashuns to eat.

After working with the Armee for a week I am now abull to reveal the step-by-step procedure by which our comrades in arms attribute their sucksess in Pacyfick eyeland operations. Here, told for perhaps the furst time, is the Armee military taectics formula:

(A) Send the Marines to capture the eyeland.

(B) When all is secure, send in well-equipped landing parties to trade with the Marines for souvenirs.

(C) Assume command of the eyeland and prepare to wipe out few remaining enemy.

(D) When enemy surpris-ingly are found to have ammunition, recall Marines.

Personally I think this is very good strategy indeed. It is a excellent way to keep casualty's down, in one branch of the serviss, at least.

Well, I got to go now and turn in my used C rashun can for a brand new one. (That's the system they hav in the Armee.)

Your compact correspondent,  
Ex-SARJUNT HEINEMANN

Friday Morning, December 13, 1945

## Experts Salvage Shreds Of Art Reputations

HOLLYWOOD (UP) — A gallery of experts salvaged a shred of the Los Angeles Art Association's tattered reputation by ruling that whoever painted the "intestinal disorder" on its walls was not Screwball Jim Moran.

But they told the Association the painting was nothing to be proud of, even if it was the work of a professional artist.

Moran claimed he painted the monstrosity with nail-polish, lip-stick, chalk and magazine cutouts in his spare time. He said he entered it in the exhibit as a hook to prove modern art was a fraud.

### BOARD OF EXPERTS

The experts — Artist John Deek, Composer George Antheil and Art Professor Millard Rogers — agreed that the painting was the work of a poor painter. But they said Moran's so-called second painting — finished to buttress his claim to the original — was the work of a painter who never had painted before.

"The guests don't have to figure out whether I was thinking about Dada-ism or Gaga-ism or what," he said, "I just wasn't thinking, Period."

DREAM COMES TRUE. Sergeant C. R. Lewis, captured with a 44-man Marine detachment with General Wainwright on Bataan, realized a four-year dream with the delivery of the new Pontiac shown here. He sent a card requesting that the order be placed for him while he was in prison camp.

## Marine Brigadier General Edson Represents U.S. At Stockholm

WASHINGTON, D. C. — Marine Brig. Gen. Merritt A. Edson, famed war leader of "Edson's Raiders," represented the United States as a delegate to the International Shooting Union meetings in Stockholm, Sweden, on Dec. 7 and 8, according to an announcement by Marine Corps Headquarters.

The two-day meeting was called for the purpose of modernizing the program of international rifle and pistol competition, and reorganizing the International Shooting Union, which became non-active at the beginning of war. General Edson, who is a member of the Olympic committee for

## Pan-American Air Plans Australia To U. S. Service

SAN FRANCISCO (UP) — Pan-American World Airways announced it is drawing up tentative schedules, fares and flight frequencies for direct, one-carrier service between the United States and Australia.

The new service will operate between San Francisco and Sydney via Honolulu. On-ahend for the service was given with signing in Washington last Tuesday of a reciprocal landing rights agreement between the United States and Australia.

## Nation Tries To Peddle Off Cars At Crazy Prices With No Ceiling

By FREDERICK C. OTHMAN  
United Press Staff Correspondent

WASHINGTON (UP) — Somebody is crazy and I fear it is the local soda jerk, who wants to sell a second-hand 1946 model six-cylinder Ford coupe which he has driven 4,000 miles for—hold on tight to the seat cushions—\$2,200 cash. This motor car actually is worth, according to the used-car blue book, \$1,137. The mixer

of chocolate milks is not alone in the belief that his car is worth twice what he paid for it. In the Capital today are more new automobiles for sale, almost, than old ones. One philanthropist will let his Cadillac go for not quite three times what it cost him. He'll throw in a radiator full of fresh anti-freeze.

All he wants for his vehicle, spare tire and a gallon of alcohol included, is \$4,885. Make it \$5,000 even and he might even supply the license plates and a bottle of Scotch. His car, he neglects to point out, is worth (if it could be bought from an honest man), \$2,000.

### CHEAPER TO WALK

It's cheaper to walk. The price of shoe leather is on the way down. One of the local highbinders with a Packard to peddle is

naive. He advertises that he paid \$2,500 and that he will sell it very cheaply for \$2,800. A get-rich-quick proprietor of an identical Packard Clipper which has rolled off 5,000 miles wants \$3,400 and don't bother him unless you bring the cash.

### OTHMAN'S OWN CAR

I drive a Studebaker Commander, myself, and a good car it is, too. When I bought it five years ago the list price F.O.B. South Bend, Ind., was \$975. The list price today is \$1,520. The delivered price, without deliveries, in Washington is \$1,801, but I know where I can get one this afternoon.

Only trouble seems to be that the Wallingfords can't get together on what their automobiles are worth. New Chryslers, for instance, can be bought for \$4,500, \$3,500, \$3,250, and \$3,000 cash. A Plymouth two-door sedan costs \$2,500 one place, while a four-door Plymouth down the street is \$2,200.

### SODA JERK IS SMART

My old pal, Chester Bowles, I guess, is chortling. So, probably, is Paul Porter. When a \$1,900 Buick brings \$4,000 and a \$1,700 Dodge, \$2,800, then maybe that soda jerk with the \$2,200 Ford is smart. Maybe I'm crazy.

I have checked the situation with one of America's leading automobile manufacturers and he's gasping, too.

"But when I see a little crook around the corner doing it," he said, "and strictly within the law, I sometimes wonder if I'm as intelligent as my mother thought."

### TAKE CARS ORDERED

He said that many citizens, including some government workers he could name if he wanted, ordered two cars and three and sometimes half a dozen last year, intending to take the one that arrived first and cash out the rest.

"Now they're getting delivery," he said, "and of course they are taking every car ordered. A man who ordered two cars can sell one and the other costs him nothing. A man with six new cars, and there are plenty of them, is rich."

### HOLD BARGAIN SALES

My man said he seemed to detect that most of the fools already had been parted from their money. A few more weeks and a few more new cars, he said, and the easy-money boys may be holding bargain sales. He said he thought I ought to make my Studebaker last a while longer. I think I will.

When it wears out, I'm going to buy a 1934 model horse.

## Hard Weather!

SAN PEDRO, Cal. (UP) — A drunk who took a swim dive from a bar into a blanketing harbor fog, thinking it was water, landed in a hospital with a possible skull fracture.

Chinese Plan To Fight C
Underground Civil War

BY WALTER RUNDLE
United Press Correspondent

SHANGHAI, (UP)—Chinese Communists will fight General Chiang Kai-Shek with his own strategy—trading land for lives—in an underground war—if civil war breaks out in China.

Communist leaders believe an all-out civil war is both imminent and inevitable. They expect the "Communist Extinction" campaign to begin at any moment. Every Nationalist troop movement is watched. The communists plan to turn to their own advantage the tactics Chiang used so successfully against Japan.

The Communist military commanders know they can't stand up against American trained and equipped Nationalist armies in frontal warfare. They plan to fight an underground war—retreating when necessary, striking when possible.

Communist forces have been dispatched to protect Harbin in Manchuria. Other units are standing by to strike at the Nationalist armies moving toward the Communist capital of Yenan.

Commercial airline pilots have reported seeing Communist troops deploying in a sweeping semicircle from northeast Manchuria to the Korean border. Nationalist troops have surrounded Yenan and are hoisted near Harbin. The spark which may touch off a long winter of fighting could come from either side at any time.

Thirteen Communist regiments have moved out from Yenan to counter Nationalist positions. Communist units are being placed to carry out constant harassing attacks against Nationalist communication lines, supply bases, and convoys.

When the Communists gave up Kalgan without a fight and then swung behind the Nationalists to cut the Kalgan-Peking railway—their tactics were made clear.

They plan to use the same "withdrawing" strategy Chiang Kai-Shek used against the Japanese, backed up by lightning-like underground blows at Nationalist garrisons and supply lines.

After the "fall" of Kalgan, the Nationalist press hailed the "military superiority of Nationalist troops." A Communist spokesman observed, however, that the Communist withdrawal from Kalgan liberated the 83rd Army from a positional war and would enable the Communist troops to fight a defensive war with "more initiative and greater maneuverability."

Well-informed sources believe the Communists are ready to sacrifice Yenan in the same manner if it becomes necessary. Communist

describe this strategy as "preserving the living strength," and despite impressive Nationalist successes on paper, the Communists have saved their manpower for continued fighting.

In view of the increasing clarity of Communist plans, neutral observers and moderate Kuomintang members doubt whether Chiang's armies will be able to "eliminate the Communists in five months" as the Generalissimo reportedly predicted.

There are scattered and unconfirmed reports of Communist troop movements here and there to counter Nationalist concentrations, but Communist plans for an underground war remain secret.

Nationalists charge that Russian-trained saboteurs have been stationed throughout China, particularly along the railways. The "Russian-trained" phase probably may be dismissed as propaganda, but there is little doubt that saboteurs have been assigned to strategic rail and communication centers.

If and when the "final split" comes, the Communists almost certainly will concentrate on the Shanghai-Nanking and Canton-Hankow lines. They are the most important railways still intact.

Like Juke Boxes!

SAN FRANCISCO (UP)—When a pedestrian dropped a lighted match down an open manhole in Maiden Lane, he started a fire that fused telephone cables, then—

Subscribers in the Exchange picked up their phones and heard the broadcast programs from a downtown radio station.

Newsroom teletypes lapsed into jumbled messages and their bells ring "flash" signals ominously.

Other neighboring telephones whined dolefully.

Hours later repairsmen brought service back to normal.

FULL MASTED. This charming, proud sister is currently billed under the handle of Lorraine Miller, from the MGM stable, and has been blessed as CheVron editor's choice before. What's the difference—it's a relief from the usual scantily clad movie thrillers that we have been forced to print due to conditions not under our control.

Military Leaders Plan Retirement
From Active Emergency Commands

Top Generals Prepare To Give
Up Posts To Younger Men

BY WILLIAM F. McMENAMIN
United Press Staff Correspondent

WASHINGTON, (UP)—Some of the nation's top bracket military leaders are giving serious thought to retiring and turning over their posts to younger men, informed War Department sources stated this week.

Gen. Dwight D. Eisenhower, Army Chief of Staff who is now in Florida for treatment of an old arm ailment, tops the list of those who would like to retire. Another was said to be Gen. Jacob L. Devers, 59,

Commander of Army Ground Forces.

Although the 56-year old Eisenhower will not reach the statutory retirement age until Oct. 31, 1954, he is eligible to retire at any time he chooses under a 1935 Act of Congress.

MAY ASK RETIREMENT

This law states that an officer who served prior to Nov. 12, 1918

Occupation Troops
Duties To Be Cut
During Holidays

YOKOHAMA (UP)—Lt. Gen. Robert L. Eichelberger, Eighth Army Commander, said that duties of occupation troops in Japan will be cut to a minimum during the holiday season between Dec. 21 and Jan. 5. Training schedules will be suspended during that period.

Sufficient personnel will be retained on duty to enable units to function in the event of an emergency, Eichelberger said.

Movements of troops to the United States will not be suspended during the period and other transportation and supply facilities will continue to operate.

retirement age until June 30, 1955.

Gen. Joseph T. McNarney, Commanding General of U. S. Forces in Europe, also is eligible to retire in the grade of Major General but does not reach statutory retirement age until Aug. 13, 1957.

General of the Armies, George C. Marshall, has passed the statutory retirement age but under special legislation he need not retire until six months after the termination of the war emergency. He now is serving as President Truman's special envoy to China.

OTHERS ELIGIBLE

Other full Generals eligible for retirement in grade of Major General are: Thomas T. Handy, Deputy Chief of Staff; Courtney H. Hodges, Commander of the First Army; Jonathan M. Wainwright, Head of the Fourth Army; Mark W. Clark, Commander of U. S. Forces in Austria; and George C. Kenney, Chief of the Strategic Air Command.

Outstanding younger air force generals who are expected to take a prominent part in the future of the AAF are Maj. Gen. Lauris Norstad, 38, War Department Director of Plans and Operations; Maj. Gen. Curtis Lemay, 40, AAF Director of Research; and Maj. Gen. Elwood R. Quesada, 42, Tactical Air Commander.

Marines Reunited
With Families At
Chinese Posts

Six Marine officers of the Third Battalion (Reinforced), Fourth Marine Regiment, stationed in Tsingtao, were the first members of the First Marine Division to be reunited with their families. The new arrival was the beginning of an expected large number of reunions at the great seaport and resort city.
